This panel will help participants become acquainted with key ethical issues involved in quantitative research and scholarship. It will include an interactive discussion on such topics as integrity in authorship, data management, and collaboration as they pertain to quantitative research methods. The discussion will be led by Helen Harton, Ph.D., Professor of Psychology and include other faculty members who are experts in quantitative research methodologies.

Panel members will include: Mary Losch, Director & Professor, Center for Social and Behavioral Research; Kim MacLin, Professor of Psychology; Ron Rinehart, Assistant Professor of Educational Foundations, Psychology, & Leadership Studies; Gunwoo Yoon, Assistant Professor of Marketing.
